

Why won't Greg be there?

I truly hope Anna will be back. She has children in school, right? That might make it more likely that she will be back between AK and LA.

This is excellent information. As you note, Monroe's comments are a problem. Specifically, he's counting votes and I imagine having conversations too. He says Manuel is a potential problem for his side. All the more reason for the meeting in a few minutes to go well.

I just heard Greg won't be at the board meeting. Do any of you know if that's true? If Greg and Anna don't attend, we do have a problem.
