Scott,

Absolutely!! I think everyone, including the students, needs an education on Recapture. Perhaps the students need to see the video to truly understand how valuable the Kinder donation is to our school. I had the discussion with [REDACTED] on the way to school after she told me that the kids are in an outrage about the name change on social media and want to protest at the meeting.

I'm sorry you all have to deal with naysayers, extremely unfortunate during a time that we should all be celebrating.

Thanks,

[REDACTED]

Dr. Allen,

Thank you for this clarification. I wholeheartedly support the generous donation by the Kinder Foundation and will do my best to attend the next HISD meeting.

The upcoming Recapture vote is extremely unsettling. Regardless of the vote outcome, HISD already faces a scary budget deficit that will have a tremendous

impact on ALL schools.

Although I'm not completely up to speed on the details of the Kinder Foundation donation, I have to believe that this donation is not just a one time lump sum but the organization will have a vested interest in overseeing the long term sustainability of HSPVA. A small price to pay for a simple addition to our school name....

My best,

[REDACTED]

I fear that I was not clear as I reread my e-mail. The agenda item has been pulled and there is no reason to attend the meeting tonight. Sorry....should have proof read before hitting send.

Thanks again,

Scott

Meeting Tomorrow Night

Could you please confirm time & address of the meeting?

Thanks,

[REDACTED]
